Introduction to Long Covid Self-Management

What is the course about?

The Introduction to Long Covid Self-Management course is a one-off, three hour session that looks at tools to assist people in managing their symptoms and promoting their overall health and wellbeing. The course is open to anyone over the age of 18 and living with Long Covid.

Subjects covered include:

- Positive thinking
- Managing daily activities
- Fatigue
- Communication
- Relaxation
- Medication
- Healthy Eating
- Action planning and Problem Solving

The programme aims to introduce people to self management techniques, to enable them to manage symptoms at home and make positive choices about their care.

For more information, or to book a place on a course, please contact the Self Care Office on **03000 852280**, e-mail
