Mynychder ac Effaith
Prevalence and Impact

Lefelau Cymuned

Mae lefelau Coronafeirws wedi bod yn codi ar draws Gogledd Cymru yn ystod y ddau fis diwethaf.

Er bod y cynnydd yn fwy yng Ngogledd Ddwyrain Cymru, mae pob ardal yng Ngogledd Cymru wedi gweld cynnydd.

Mae niferoedd cynyddol yn y gymuned yn arwain at niferoedd mwy o bobl sydd angen gofal y GIG ar gyfer coronafeirws, yn cynnwys gofal cleifion mewnol. Mae'r twf hwn yn parhau.

Community Levels

Coronavirus levels have been increasing across north Wales during the last 2 months.

Whilst greatest in North East Wales, all areas of north Wales are experiencing this.

Increasing community levels are resulting in increased numbers of people requiring NHS care for coronavirus, including inpatient care. This growth is continuing.

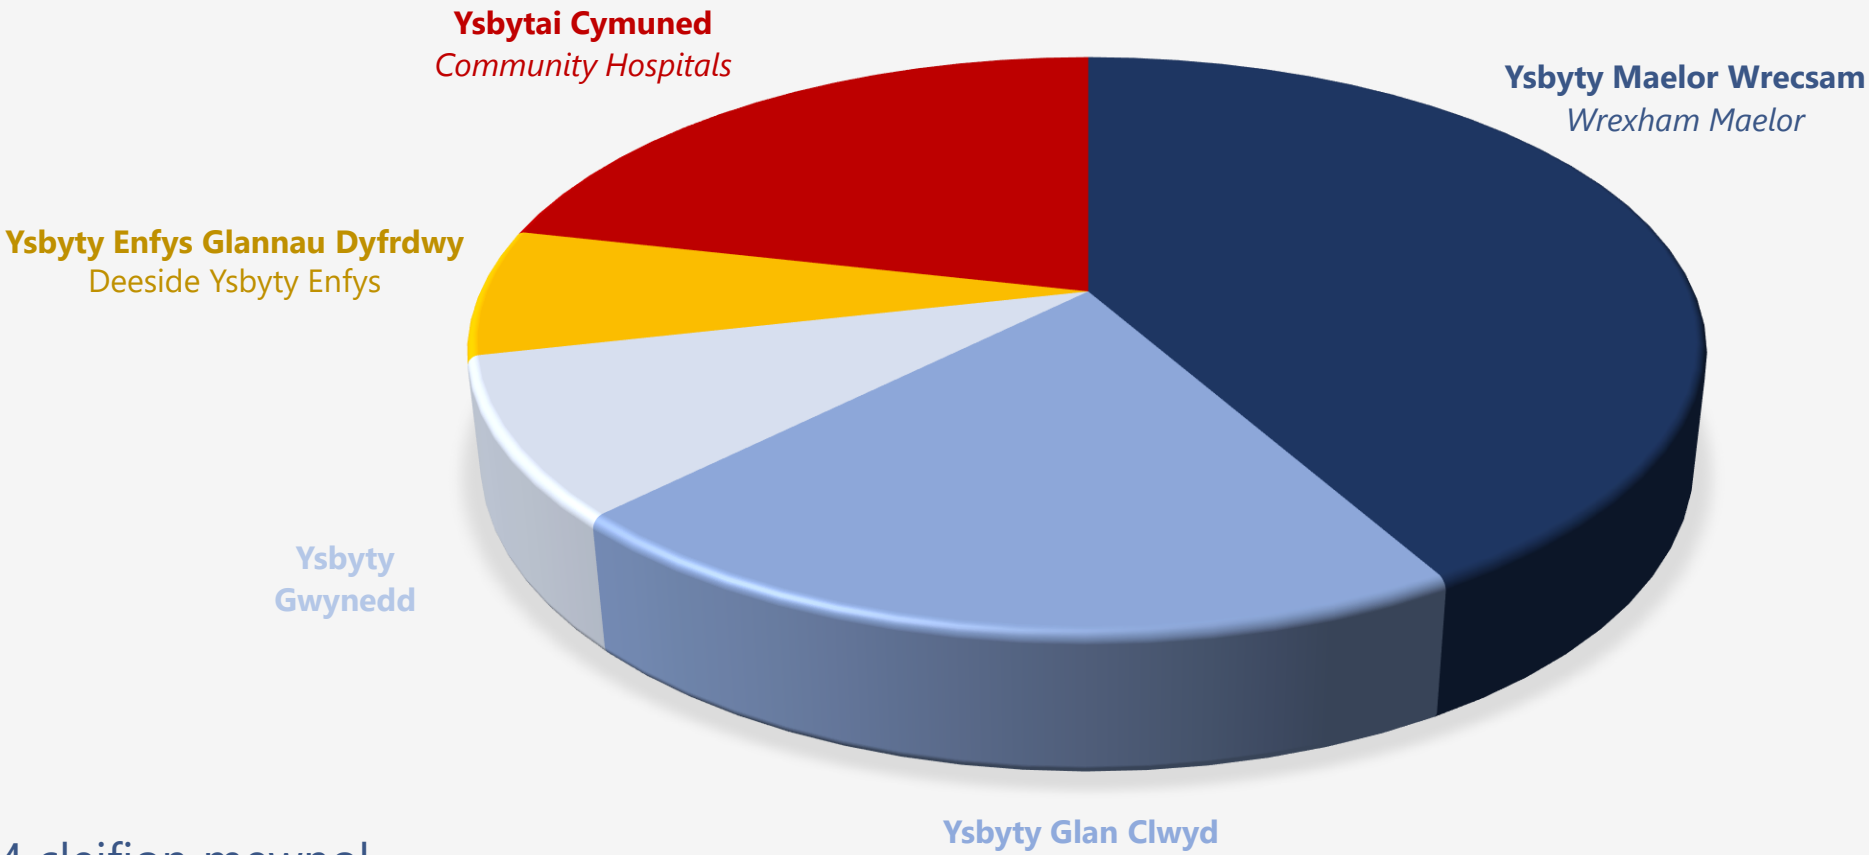
Cleifion mewnol Covid-19

Covid-19 inpatients



284 cleifion mewnol
284 inpatients

GIG CYMRU NHS WALES
Bwrdd Iechyd Prifysgol Betsi Cadwaladr University Health Board

Effaith ar y gweithlu

Mae coronafeirws hefyd yn effeithio ar weithwyr rheng flaen gofal Iechyd.

Mae cyngor ar gysgodi yn effeithio ar argaeledd ~280 yn rhagor o staff.

Workforce impact

Coronavirus also affects front-line healthcare workers.

Shielding advice affects the availability of a further ~280 staff.

Bwrdd Iechyd Prifysgol Betsi Cadwaladr University Health Board

Goblygiadau gweithredol	Operational implications
Ystafell Reoli Weithredol Tactegol wedi ei sefydlu.	Operational Tactical Control room established
Symud rhai gweithgareddau gofal wedi ei gynllunio o Ysbyty Maelor Wrecsam i Ysbyty Gwynedd	Movement of some planned care activity from Wrexham Maelor to Ysbyty Gwynedd
Adleoli staff a ratios	Staffing redeployment and ratios
Cynlluniau ymchwydd yn cael eu rhoi ar waith	Surge plans being enacted
Ehangu Gofal Critigol	Critical Care expansion

Gofal Critigol

Ymateb anhygoel gan y timau gofal dwys a resbiradol i ofalu am gleifion gwael iawn

Gall Covid-19 arwain at arhosiad llawer hirach mewn ITU nag arfer – mae dros 20 o gleifion wedi bod angen dros 3 wythnos yn ein hunedau ITU

Mae 16 unigolyn dan 40 oed wedi bod angen ITU yng Ngogledd Cymru

Er gwaetha'r pwysau, mae'r timau wedi cynnal amgylchedd ymchwil cyfoethog

Critical Care

Phenomenal response from intensive care and respiratory teams to care for some extremely ill patients

Covid-19 can result in some considerably longer ITU stays than usual – over 20 patients have required more than 3 weeks in one of our ITU facilities

16 individuals under the age of 40 have required ITU in north Wales

Despite the pressures the teams have maintained a rich research environment

GIG CYMRU NHS WALES

Betsi Cadwaladr
University Health Board

Clystyrau mewn ysbytai

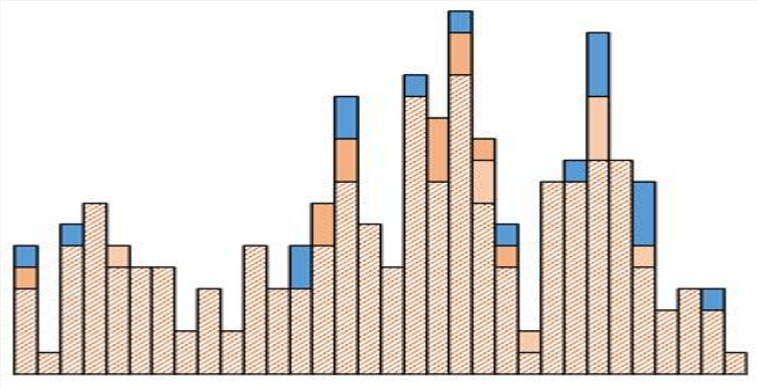
Mae haint a gafwyd yn yr ysbyty yn digwydd ond mae mwyafrif yr achosion cleifion mewnol yn ganlyniad i drosglwyddo yn y gymuned

Mae pob achos o haint Covid-19 a gafwyd yn yr ysbyty yn cael eu hadolygu fel mater o drefn

Hospital outbreaks

Hospital acquired infections do occur but the majority of inpatient cases are the result of community acquisition

Review of all hospital acquired covid-19 infections is undertaken as a matter of course



GIG CYMRU NHS WALES
Bwrdd Iechyd Prifysgol Betsi Cadwaladr University Health Board

Cartrefi gofal

Mae cartrefi gofal hefyd wedi bod yn cael heriau gwirioneddol

Mewn nifer o achosion rydym wedi rhoi cefnogaeth staffio i sicrhau bod y cartref gofal yn gallu parhau i weithio

Gwnaed hyn fel rhan o gydweithio tynn rhwng y Bwrdd Iechyd a gwasanaethau cyhoeddus eraill yng Ngogledd Cymru

Care Homes

Care homes have also been experiencing real challenges

In a number of instances we have provided staffing support to ensure a care home is able to continue to function

We have done this as part of a tight collaboration between the Health Board and other public services in north Wales

Rhaglen Frechu
Vaccination Programme

Brechlynnau

Mae'r brechlynnau Pfizer ac AstraZenica ill dau yn cael eu defnyddio yng Ngogledd Cymru

Mae rhaglen ddarparu gymhleth yn cael ei goruchwylio, wrth i sefydliadau gydweithio yng Ngogledd Cymru

Mae argaeledd a dosbarthu'r brechlyn wedi bod yn heriol yn yr wythnosau cyntaf – er ei fod yn rhwystredig, **mae hyn i'w ddisgwyl** ac mae cynnydd a ragwelwyd mewn brechlynnau yn awr yn cael ei weld

Vaccinations

Both Pfizer vaccine and AstraZeneca vaccine are in use in north Wales

Complex deployment programme being overseen, and contributed to, by collaboration of organisations in north Wales

Availability and distribution of vaccine in first few weeks has been challenging – whilst frustrating this **is to be expected** and projected rises in vaccination are now coming through

Amserlenni brechu

Vaccinations Timescales

Trigolion cartrefi gofal pobl hŷn a'u gofalwyr	End Jan	Older adult care home residents and their carers
Pawb sy'n 80 oed a hŷn a staff rheng flaen iechyd a gofal cymdeithasol	Mid Feb	All those 80 years of age and over and Frontline health and social care workers
75 oed a hŷn	Mid Feb	75 years of age and over
70 oed a hŷn	Mid Feb	70 years of age and over
65 oed a hŷn	Spring	65 years of age and over
16-64 oed â chyflwr iechyd sylfaenol	Spring	16-64 years with underlying health conditions
Gweddill y rhai 60 oed a hŷn	Spring	Remaining 60 years of age and over
Gweddill y rhai 55 oed a hŷn	Spring	Remaining 55 years of age and over
Gweddill y rhai 50 oed a hŷn	Spring	Remaining 50 years of age and over

Brechlynnau

Rydym ar y trywydd iawn i frechu'r 4 cohort cyntaf erbyn canol mis Chwefror, fel y disgwyl

Cyfuniad o Ganolfannau Brechu Torfol a darparu'n lleol drwy Ofal Cychwynnol

Peilot llwyddiannus wedi ei gynnal yng Ngogledd Cymru ar gyfer brechu drwy Fferyllfa Gymunedol

Vaccinations

We are on target to deliver the first 4 cohorts by mid February, as expected

Combination of Mass Vaccination Centres and local Primary Care delivery

Pilot site for vaccinating via Community Pharmacy successfully carried out in north Wales

Brechlynnau – symud ymlaen

Wrth i'r gadwyn gyflenwi setlo, byddwn yn gallu rhoi llawer mwy o eglurder i'r rhai nad ydynt yn y carfannau cyntaf i gael eu brechu

Canolfannau Brechu Torfol yn symud i weithio 7 diwrnod

Meddygfeydd a llawer o fferyllfeydd cymunedol yn dod 'ar-lein' ar gyfer brechu yr wythnos hon a'r nesaf

Vaccinations – going forwards

As supply chain settles we will be able to give much more clarity to those not in the first few cohorts for vaccination

Mass vaccination centres moving to 7 day working

GP practices and many community pharmacies coming 'on line' for vaccination this week and next

Adrodd ar Brif Benderfyniadau a wneir
Reporting of Key Decisions made

Cabinet Covid

- Fe'i sefydlwyd yn ystod y don gyntaf i alluogi gwneud penderfyniadau'n gyflym/cymeradwyo penderfyniadau ar ran y Bwrdd Iechyd.
- Ailddechreuwyd ym mis Tachwedd 2020 yng ngoleuni'r ail don; cytunwyd ar newidiadau i'r cylch gorchwyl yng nghyfarfod y Bwrdd ym mis Tachwedd.
- Cyfarfu'r cabinet dair gwaith ers y cyfarfod hwnnw ym mis Tachwedd 2020 – 15/12, 23/12 a 14/1.
- Bydd adroddiad sicrwydd cadeirydd gan y Cabinet Covid yn cael ei gyflwyno i'r Bwrdd o fis Mawrth 2021.

Covid Cabinet

- Established in pandemic 1st wave to enable swift decision making / endorsement of decisions on behalf of the Board.
- Re-invoked in November 2020 in light of 2nd wave of the pandemic; terms of reference changes agreed with the Board at November 2020 Board meeting.
- Cabinet has met three times since the November 2020 Board meeting – 15/12, 23/12 & 14/1.
- A Chair's assurance report from the Covid Cabinet will be reported to the Board from March 2021.

Cabinet Covid

Penderfyniadau a gytunwyd gan y Cabinet ers cyfarfod diwethaf y Bwrdd:

- Atal gofal wedi ei gynllunio yn Ysbyty Maelor Wrecsam am gyfnod cychwynnol o bythefnos

Covid Cabinet

Decisions endorsed by Cabinet since the last Board meeting:

- Suspension of planned care at Wrexham Maelor Hospital for an initial period of two weeks.

Sylwadau Terfynol
Final Comments

Crynodeb

Ymateb anhygoel gan staff a phartneriaid i ymchwydd o weithgarwch coronafeirws yn yr wythnosau diwethaf

Nid yw'r ymchwydd hwn drosodd a bu'n rhaid symud gweithgarwch yn y tymor byr i leihau'r effaith

Mae'r rhaglen frechu yn setlo i'w lle gyda chynnydd mewn niferoedd ac mae ar y trywydd iawn i frechu pob un o'r 4 cohort uchaf erbyn canol mis Chwefror

Summary

Phenomenal response from staff and from partners in responding to a surge of coronavirus activity in recent weeks

That surge is not over and has required some short-term movement of activity to minimise the impact

Vaccination programme is settling in to place, with increasing throughput and on target to vaccinate all of the top 4 cohorts by mid February
