Blaenoriaethau 2019 – 20 Priorities 2019-20

Rydym eisiau darparu dull “Diogel, Effeithiol a Thosturiol” at ofal, ac i *beidio â gwneud niwed*.

Byddwn yn cyflawni hyn drwy roi anghenion ein cleifion, eu teuluoedd a’u gofalwyr yn gyntaf, a drwy eich cynnwys chi yn ein gwelliannau.

Bydd hyn yn ein helpu i roi gofal diogel, effeithiol a thosturiol i’n cleifion, teuluoedd a gofalwyr bob amser yn unol â’n Strategaeth Gwella Ansawdd cyfredol a diwygiedig ar gyfer y 3 blynedd nesaf.

We want to deliver a “Safe, Effective and Compassionate” approach to care and to *do no harm*.

We will accomplish this by putting the needs of our patients, their families and carers first and by engaging you in our improvements.

This will help us to give our patients, families and carers safe, effective and compassionate care every time in line with our current and revised Quality Improvement Strategy for the next 3 years.
